

Demystifying the 2010 Census

Co-sponsored by:

SIERRA COLLEGE

The 2010 Census is significantly different from any other data we have seen and used in the past. The social and economic data you need are no longer available in the decennial census, but we can show you how to find it!

Whether you are writing a business plan or a grant proposal, or solving community challenges, this introduction to the 2010 Census will teach you how to get and use the data you need.

This hands-on, computer-based workshop will be facilitated by Warren Jensen from the Center for Economic Development.

CLASS SIZE IS LIMITED TO 23 ATTENDEES! Reserve your space today. There is no cost to attend.
